

July 6, 2023

Hello Carlson Farm Residents,

We want to let you know that fence maintenance and repair along Carlson Blvd., will begin August 1st and will continue throughout the month of August.

As a reminder, in preparation for repairing, painting, and staining the fence along Carlson Blvd, please have the area along your fence line cleared of the debris and/or items that are against your fence. This includes landscaping pushing up against the fence such as rock, sod, and trees.

If you have pets, please keep them inside on the days the work is being performed at your home in the backyard. We will give you prior notice when the contractor will be at your residence.

Should you have any questions please contact, Kristie Campbell at kcampbell@bluehawkmgmt.net

Thank you,

Kristie Campbell
